

**- Doncaster YMCA -
Room Hire Policy (Extracts)**

3. The reasons for letting rooms are to:
 - (i) generate income for the YMCA's work;
 - (ii) further the work of the YMCA, by facilitating the operations of others with aims and purposes compatible with those of the YMCA

4. It is recognised that it will be perceived by the general public that letting a room in the YMCA to an organisation implies YMCA approval of that organisation and its activities. It is therefore imperative that every care is taken to ensure that rooms are not let to any organisation, or for any activity, which could, by association, reflect adversely on the YMCA. Therefore, if there is any doubt as to the suitability of an organisation or activity rooms will not be let to them.

5. The YMCA is not affiliated to or connected with any political party or organisation. Rooms will not be let to any political party or organisation, or for any party political purposes. [Doncaster YMCA also has a policy not to display any party political material from any source]

6. The YMCA is an ecumenical Christian organisation ... we will not let rooms to any cults or sects, or to any religious groups who are not generally accepted as part of the recognised local Christian community. Rooms will not be let for the promotion of non-Christian beliefs or anti-Christian views; or for the worship of other (non-Christian) faiths, or for the promotion or proselisation of other faiths or religions or beliefs.
